Dear Committee:

We at the Butler County Historical Society would like to express our gratitude to you and your members for the work that you are doing on the Trail. We support your efforts to preserve local history. Without the dedicated people like yourself, the children of tomorrow might not understand where their ancestors came from and the hardships that they endured to create the life that we all live today.

With new developments in and around our communities, it won't be long before there are no sites available to enjoy a peaceful walk and listen to the birds sing.

Good luck in your undertaking.

Sincerely

Butler County Historical Society
