Commerce & Consumer Affairs  
Elections & Civic Affairs  
Pensions & Labor

November 24, 2003

Lenore Hynes  
16001 Fella Road  
Brookville, IN 47012

• Dear Lenore:

I received your communication regarding the purposed "Whitewater Canal Trail." I read your letter carefully and felt it important that I respond.

It would seem that the abandoned rail bed between Brookville and the Laurel feeder dam, including Metamora, would make an excellent walking and hiking trail. In the future expanding to link adjacent and surrounding communities.

Volunteer citizens from the Aurora-Lawrenceburg area have worked together on a similar walking and bicycle trail using the old railroad bed linking the two cities along the Ohio River. Although far from complete I am in support. Certainly I lend my earnest support towards your project and when completed it will provide enjoyment to all citizens who choose to use it. The key to the project's success is cooperation of the area citizens and unlimited services from a multitude of volunteers.

I care and want to do all that I can. Thanks for all that you do and best of success.

Warm regards,

A handwritten signature in black ink, appearing to read "Johnny Nugent", written over a horizontal line.

Johnny Nugent  
State Senator
